

Celebrating 3 years with a brand-new theme

Chun Ding • 8 Aug 2026

Today marks the 3rd anniversary of our platform! To celebrate this milestone, we're excited to introduce a brand-new black Theme.

While green was our original theme color, we decided to switch to black for three main reasons:

- Fewer Distractions: Black creates a quieter reading environment, helping readers stay focused on the content.
- A Universally Accepted Look: Our platform features math writing and typesetting. For features non-essential to math, we opted for a more universally accepted choice.
- Better Visual Harmony: Black fits more seamlessly with the ui.
